January 10, 2011

Mary Woollen  
Blue Ribbon Commission  
c/o US Dept. of Energy  
1000 Independence Ave., SW  
Washington, DC 20585

Dear Ms. Woollen:

First, let me thank you for the opportunity to make presentations at the Blue Ribbon Commission's recent meeting in Augusta, Georgia. Rev. Utley and I were pleased to be there, as were many of our members from the Concerned Citizens of Shell Bluff.

Second, as requested, I am sending you electronic versions of the information we presented: 1) the Blue Ridge Environmental Defense League's Environmental Perspectives Policy Paper and 2) "Sow the Wind," the League's technical report on toxic air pollution from the Savannah River Site with appendices. If you would like hard copies of these documents, I would be happy to provide them.

We would like to get copies of any video taken at the meeting. This would assist us in our upcoming meetings with members of the community who could not attend the Commission's meeting. Of course, we could pay reasonable copying costs. If possible, please let me know how to obtain this or any other available information.

Again, thank you and I hope you all enjoyed your visit to Augusta.

Sincerely,

Louis Zeller  
Science Director
